

TO: HAYWARD PLANNING COMMISSION
FROM: ALL BUSINESSES

We would like to lodge a complaint against the on going construction on Mission blvd. We have been negatively impacted by the construction which is wreaking havoc on our businesses.

We have lost tremendous amount of business due to parking prohibited in front of businesses, lanes reduced to just one lane & U-turns discontinued. For most of us, this is our only source of livelihood & if continued in this manner, could ruin us financially.

We would like to request the planning commission to look into this seriously & find a solution to this problem.

We are open for discussion to find an amicable solution.

Sincerely,
