Subject: kfc sign

Dear Mr. Pearson,

I am bitterly opposed to the logo sign. This KFC is a danger and disgrace to the neighborhood. Out of the over 50,000 locations all over the world THIS IS THE ONLY ONE THAT HAS TO HAVE A ARMED, YES ARMED GUARD ON ITS SITE. the owner does not care for the neighbor hood only for his profits and is a absent owner. Please visit this site and the armed guard will tell you , this location is teeming with drug addidicts and prostitutes. He is there to walk patrons to cars. After he leaves when thiis place closes, the drug rings trade drugs and prostitutes do their sex acts in the cars in parking lot. Also the owner does not have a filter system, or clean out his filters, as the odors are over bearing. My windows shake from the boom box radios as they go through the drive in.

My point is this place should be closed, not rewarded or made to attract more scum. A bail bond sign would have better use.

If you don't believe me talk to the locals and the guard. go there late at night and see, just keep your doors locked and window up. for god sakes dont take your family.

Sincerely Chris Primi 510 783-8883
