Subject: Hayward Arts Council

Dear Mayor Sweeney and City Council Members,

The Hayward Area Historical Society has successfully partnered with the Hayward Arts Council several times over the last few years. This volunteer run organization makes a difference in our community and the Hayward Area Historical Society is pleased that they will be moving into our new location on Foothill Blvd. We look forward to working with HAC to make culture and arts an integral part of life in Hayward. I hope that the Hayward City Council will support this move and fully fund the Hayward Arts Council so that they can continue to provide a home for all the Arts here in Hayward.
