

ARE WILDFIRE HAZARDS HIDING  
IN YOUR NEIGHBORHOOD?

DO YOUR PART TO MAKE YOUR  
COMMUNITY **FIRE SAFE.**

**HELP US FIX THIS...**

**TO PREVENT THIS.**

Join The **Hayward Fire Department**  
For An Important Planning Session:

Saturday, August 2, 2014, 10:00 a.m. - noon  
Stonebrae Elementary School  
Multipurpose Room  
28761 Hayward Blvd, Hayward

**T**he Hayward Fire Department has received a grant to improve wildfire safety in the Hayward Hills around the Ziele Creek Drainage and Fairview area. Over the next few months we will be asking neighbors to work with us to make their neighborhoods a safer place from wildfire.

The community defensible space grant will fund:

- A planning session to identify and prioritize short and long term community fuel reduction projects.
- Funding for fuel reduction for priority projects and a chipping service for neighbors who do their own fuel removal work.

Help HFD identify areas for wildfire hazard reduction. Bring your concerns and a sharp awareness of your neighborhood.

For questions, please contact Fire Marshal Andrew Westfield (510) 583-4912 or Cheryl Miller, (510) 536-0143.

**We encourage you to attend!**
